Testimonial for Attorney Jim Graham

I was owed many thousands of dollars by a former client and business partner. After months of wrangling with no success, I turned to Jim for help.

Jim's calm professionalism and expert advice bore results almost immediately. Proposals were shuttled back and forth, settlement terms were agreed upon, and within two months, we achieved a successful resolution.

Throughout that time, Jim was always available via email or phone – whenever I had a question pertaining to the matter. In the case where he was out of the office – replies were always given in the fastest possible manner.

I am very grateful for the expertise and intuition that Jim demonstrated, and I give my highest recommendation to him as a business/legal advisor.

Sincerely,

Nathan Marks
