Dear Christopher:

On behalf of the hard-working families who will become homeowners, I want to thank you for your generous gift of \$50.00. Your donation together with those of other individuals and organizations makes it possible for us to continue to build simple decent homes for the low-income families in our community who need them.

Over 100 families are now living in homes built by Habitat in Dane County. Because of supporters like you, we had our most productive building year ever in 2005, completing 14 homes. Our goal for 2006 is to provide home-ownership for 18 new families. Nothing is more important to the security and healthy development of a young child than having a stable home. The need is great and, unfortunately, we turn away many more families than we can serve.

Habitat for Humanity of Dane County works very hard to use your gifts wisely and efficiently. In the past several years we have significantly increased production capacity through the use of in-kind contributions and the use of committed volunteers in all aspects of our organization.

Thank you again,

Brian Miller  
Executive Director
