We made some changes within our business, so I asked Scott to look into new coverage amounts for both our business & personal accounts & to give us the best price he could on some new policies. I also asked my previous American Family ("AF") agent for a comparable quote since they were advertising better rates.

Scott's quotes were not only much less expensive for 2 out of the 3 policies, but they all offered far better coverage. Scott was also so nice to work with, he was always willing to come to my place of business to discuss our policies & always kept me abreast of any updates. The AF agent, on the other hand, never offered to come to my place of business & I constantly had to follow up with her to get answers. In fact, I still haven't heard back from her regarding a question I asked a month ago!

Thanks Scott!
